

# Long Chain

Jim Crozier

Piano

G G D7 G G G

There's some lit-tle plank-ton grow-ing in the sea. There's some lit-tle plank-ton

7 D7 G C G D7 G

growing in the sea 'long comes a school of her-ring, 'long comes a school of her-ring

13 C G D7 G C G

'long comes a school of her-ring, And eats it; one, two, three! We're all part of a long chain,

19 D7 G C G D7 G

Just like the sun and the rain It's all part of a food chain, And it's what we eat each day.

# Long Chain

Jim Crozier

Vs1:           G                   G           D7                   G  
There's some little plankton, Growing in the sea.  
G                   G           D7                   G  
There's some little plantkon, Growing in the sea.  
C                   G  
'Long comes a school of herring,  
D7                   G  
'Long comes a school of herring  
C                   G  
'Long comes a school of herring,  
                  D7                   G  
                  And eats it: one, two, three!

Chorus           C                   G                   D7                   G  
We're all part of a long chain,           Just like the sun and the rain.  
C                   G                   D7                   G  
It's all part of a food chain,           And it's what we eat each day.

Vs2:           There's a school of herring,   Swimming in the sea.           (2x)  
'Long comes a cod fish                   (3x)  
                  And eats 'em: one, two, three!

Chorus:  
Vs3:           Look, there goes a cod fish,   Swimming in the sea.           (2x)  
'Long comes a school of tuna,           (3x)  
                  And eats it: one, two, three!

Chorus:  
Vs4:           There's a school of tuna,       Swimmin' in the sea.           (2x)  
'Long comes a white shark,           (3x)  
                  And eats 'em: one, two, three!

Chorus:  
Last Verse:   There's some little plankton, Growing in the sea.           (2x)  
'Long comes an oil spill!                   (3x)  
                  and kills it: one, two, three!

Last Chorus:   We're all part of a long chain,           Just like the sun and the rain.  
                  And if there is no food chain,       What will we eat today?
