If I had my way, I'd leave here today

A place I could lose,

these Tennessee Blues

I Find me a spot on some mountain top

With no one around me

Valleys and streams birds in the trees

And lakes that surround me

A place I feel loose

A place I could lose,

these Tennessee Blues

A place to forget all my regrets

And keep just the good times

Some place I could sleep with nothing but peace

Feel free at all times

A place I feel loose

A place I could lose,

these Tennessee Blues

A place I could lose,

these Tennessee Blues
