

Ain't Never Growin' Up

Chorus-lyrics Jim Crozier

Never had a midlife crisis
But I'm gettin' these visits from Isis
And Peter brings his pan around
Till the sun comes up,
Cause I never grew up
In the middle of the night
We bang and make a racket
The neighborhood is really gettin' down.

Chorus:

Gonna rock the house down
It's all about town
About to come round
Ain't never growin' up
Ain't never growin' up
You're makin' such a fuss
Don't let that crazy livin' get you down.

Robbie's playin' on the guitar
Rockin' Jeffery's blowin' saxophone
Trish is on a beer run, gone to town
Still this party night is way too young
Fred, he got a flute
He's gonna' make it right
The chorus line is pumpin'
Everybody gather 'round.

Chorus

Jam on verse then vamp(**with scat singing**)
