

Intro:

Vs1:

I don't know what time it is, Baby.

'Said you'd be here long time ago.

Yes you said

My heart is aching for your sweet hand on my breast,

Your lips on my ear, just so.

Oh yeah

Prechorus:

In this lonely, lonely room surrounding me,

I cry so, I can barely see.

Barely see

(oo's under)

I wonder, wonder where you are tonight,

And hope you come, and make it all right.

Chorus:

Oh - Darlin', It's been so long

Baby, Won't you come back home?

Hey Bae, where you been so long?

Please just come on home!

Jam on verse, prechorus, chorus

Vs2:

I know the music's playing really much too loud,

Don't worry, I could hear you if you rang,

Baby, ring the bell at my door

I just finished off the double drink that I just poured,

And keep 'till I don't give a dang.

Oh yeah

Prechorus, Chorus 2x, tag and out.
